Connector Hardware

Bolts loosen to slide graphics in and out for message changes.

The included stand-offs create maximum illumination against a wall.

Beveled edges allow LED light to extend outside the frame, creating a halo effect.

Connectors join two light boxes together for a two-sided display.

LED LIGHT BOXES

23.5" x 17.5"

LEDs are a brighter alternative to traditional light boxes, with over 40% energy savings! The bright, even lighting consists of LED lights that last over 50,000 hours - over five years of continuous use! The lightweight, aluminum frame can be hung horizontally or vertically to work in any situation.
