Face Film	4.0 mil. Matte White Calendered Vinyl
Adhesive	Permanent Acrylic
Liner	90# Stayflat
Opacity	Good
Gloss Level	Matte White
Indoor Durability	Up to 2 Years

SPECIFICATIONS	
Application	This product has an Indigo-printable top-coat for superb ink adhesion and excellent press handling characteristics on Indigo printers. It is intended for use in high quality interior/exterior marking or decal applications requiring durability, flexibility, and low cost, i.e., bumper stickers, point of purchase decals, fleet markings, and decals.
Thickness	4.3 – 4.5 mils with adhesive
Minimum Application Temperature	+35° F. For lower application temperature requirements, ask your Catalina representative about our other specialty adhesives.
Service Temperature Range	-50° F To +150° F.
Opacity	Normal
Adhesion	50 oz/in
Water Resistance	Excellent: test piece aged 24 hours after application to stainless steel panel before testing. Not affected when immersed in 70° F water for seven days.
Chemical Resistance	Good for most petroleum solvents and lower aliphatic alcohols. For ultimate solvent resistance, edge sealing is recommended.
Humidity Resistance	Excellent.
Solvent Resistance	Good for most petroleum solvents and lower aliphatic alcohols. For ultimate solvent resistance, edge sealing is recommended.
Expected Lifetime Exterior	Three (3) to five (5) years mid-continental U.S. vertical.
Shelf Life	Two (2) year when stored under conditions of 70°F and 50% relative humidity.

The above information on physical and chemical characteristics is based upon tests believed to be reliable. The values are intended only as a source of information. They are given without guarantee and do not constitute a warranty. The purchaser should independently determine, prior to use, the suitability of this material for his/her specific purpose. (Data represents averages and is not intended for use as a specification.)
