

Canson® Infinity ARCHES® BFK Rives® White 310gsm - Matte

BFK Rives® White is a 100% cotton paper which has a perfectly balanced soft grain that brings out the detail in every image. This unique printmaking paper base is manufactured on a traditional cylinder mould machine at the ARCHES® paper mill, one of the oldest papermakers in France. As a result of using 100% cotton rag and the time-honoured manufacturing process, the paper has a very soft and supple feel. The paper has a natural white tone and is completely free of any optical brighteners (OBAs). The unique inkjet receiving layer produces prints with superb colour rendition, deep blacks and natural whites offering photographers, artists and printmakers the opportunity to create images with superb tonal range, excellent highlights and mid-tones.

BFK Rives® White is a prestigious paper and offers artists, printmakers and photographers alike the ability to create digital fine art prints on an authentic ARCHES® paper for both limited and open edition work.
